

**STATE OF NEVADA  
DEPARTMENT OF ADMINISTRATION  
CATASTROPHIC LEAVE POLICY AND PROCEDURES**

Policy 2.5.1

Effective: 09/09/2013  
Rev: N/A

---

**PURPOSE**

This policy outlines the manner in which discretionary options in relation to catastrophic leave will be applied in the Department of Administration (the “Department”) while ensuring that the Department grants catastrophic leave fairly and consistently to eligible employees.

**AUTHORITY & REFERENCES**

This policy is in accordance with Nevada Revised Statutes (NRS) 284.362 to NRS 284.3629, inclusive, and Nevada Administrative Code (NAC) 284.575 to 284.5775, inclusive.

**SCOPE**

This policy applies to all employees working under the authority of or within the Department of Administration.

**POLICY**

**A. Eligibility**

1. Agency HR Services (AHRs) will verify eligibility through physician certification, as applicable.
2. Requested catastrophic leave may be approved partially and/or incrementally based on the expected length of the condition.
3. AHRs must authorize all requests to receive catastrophic leave.

**B. Approval**

1. Catastrophic leave hours will only be granted for a recent, existing, or expected event that qualifies as a catastrophe in accordance with the statutes and regulations. It will not be granted for an event that occurred in the distant past or after the employee's employment with the Department has ended.
2. If an employee is denied catastrophic leave by the appointing authority he/she may appeal the decision by filing a written notice of appeal with the Committee on Catastrophic Leave per NRS 284.3629.

**C. Certifications and Documentation**

1. If an employee's need for catastrophic leave exceeds the estimated dates on the required form signed by the physician for the employee's own catastrophic leave event or the employee's immediate family member's catastrophic leave event, a new form will be required prior to approval of additional catastrophic leave.
2. Additional documentation, which will be identified by AHRS, may be required in some circumstances prior to approval. Recertification, at appropriate intervals, may be requested for catastrophic leave events.

**D. Confidentiality**

1. Confidentiality of information regarding the medical condition of an employee or an employee's immediate family member will be respected to the greatest extent possible. Information will be shared only with those who have a legitimate need to know. This requires that, among other things, envelopes used to send information will be marked *CONFIDENTIAL*, and records will be stored in a locked file separate from the employee's personnel file and maintained in the AHRS office medical files. Agencies are not permitted to keep any catastrophic leave records in their files, all documentation must be forwarded confidentially to AHRS (an exception to this is for payroll documents maintained by the agency payroll clerk for administration of catastrophic leave donations, this does not include confidential medical information).
2. AHRS will provide the agency payroll clerk the Form 23A – Notification Of Agency's Payroll Center (Regarding A Request To Use Catastrophic Leave) necessary to initiate the donation request only if the employee or his/her representative has indicated that the need for catastrophic leave may be publicized. When authorized by AHRS, the payroll clerk will request donations for an employee by utilizing approved/standard language through a publicized notice of a need for catastrophic leave which shall be distributed via email to all the employees of the department.

## **E. Donations**

1. There is only one catastrophic leave bank for the Department of Administration as a whole.
2. Donation(s) to an employee or the Department's catastrophic leave bank must be submitted on the required form and submitted to the Payroll unit in the Administrative Services Division of the Department of Administration. All donations must be authorized and processed by the Payroll unit in the Administrative Services Division. Donations from individual(s) will be used before leave from the Department's catastrophic leave bank.
3. No more than 160 hours of catastrophic leave from the department's bank will be granted to an employee per catastrophic event.
4. Donations of leave from employees are strictly voluntary and no undue pressure will be placed on any employee to donate leave time. Donations that are received and not used will be returned to the donor.
