

October is CYBER SECURITY MONTH...

Is your Agency prepared and ready for unwelcomed cyber incidents?

YOU'RE INVITED

Please join Shanna Rahming, Interim Administrator, Enterprise IT Services and other State of Nevada Chief IT and Information Security Officers' for a complimentary afternoon workshop filled with helpful information on how to deal with Cyber threats within your agency.

WHEN: Thursday, October 22, 2015
2:00 PM - 4:00 PM

WHERE: Governor's Mansion - Nevada Room
606 Mountain Street
Carson City, NV 89703

This valuable two-part workshop is being brought to you by Gartner, Inc., a world leader in IT research and consulting, and will include a presentation by Andrew Walls, Managing Vice President in Gartner Research on *The Next Three Years in Threats and How to Avoid a Really Bad Day: Prepare for and Manage Security Incidents*.

SPACE IS LIMITED. Please RSVP by October 20, 2015 to Kaila Matthews, kmatthews@admin.nv.gov or Kelly Kiesow, kkiesow@admin.nv.gov to save your spot in this beneficial workshop!

Andrew Walls is a Managing Vice President in Gartner Research, responsible for the Cloud, OT and IoT Security team. His personal research focuses on security education, communications and behavior management; investigations and surveillance; and security practices in high-risk geographies.
