

## GUARDIANS OF TIME CAPSULE

Dedicated to the Women's Suffrage Centennial Celebration 2020

In 2020, Women's Suffrage Centennial events and activities were celebrated in communities across the country commemorating the passage of the 19th Amendment.

The National Association of Commissions for Women is asking members and associates to contribute a remembrance item to the time capsule to honor the Women's Suffrage Centennial, their commission and states.

The item could be a newspaper article, a proclamation, an invitation to an event or an event memento. The time capsule will also contain items that represent the status of today's women and today's culture and a letter from the National Association of Commissions leadership expressing hopes for women in the future.

**THERE IS VALUE IN OUR STORY.**
